

DESCRIPTION

Everyone wants brilliant eyes and lips, right? Everyone agrees! Introducing... Brilliant Eye and Lip Serum! Experience love at first use. This serum is made almost entirely of liquid crystals (beneficial and beautiful) which are an essential component of cell membranes. These glamorous liquid crystals help to fortify, protect, and condition the structure of delicate skin. With highly intelligent skin care technology, this Brilliant Serum improves cell resilience by using the added antioxidant "spin trap". In simpler terms, it targets and traps free radicals to "spin" them into stable molecules that no longer cause sensitive skin damage. Beautiful and Brilliant!

BENEFITS

- Replenishes cholesterol to enhance lipid levels and barrier function.
- Gently softens and conditions skin around the eye area.
- Provides superior cellular protection for mitochondria and DNA.
- Reduces the appearance of crow's feet, fine lines and wrinkles.

PRESENTATION

Retail: .25 oz. white airless bottle

SKIN TYPE

All Skin Types

PH

5.0

USAGE

Gently pat a small amount of Brilliant Eye & Lip Serum onto skin around the eyes, lips or any dry areas until absorbed, to accelerate hydration benefits.

CAUTION

Do not use if the skin is broken or cracked. For external use only. Avoid contact with eyes. Keep out of reach of children. Please check a Physicians Desk reference to make sure there are no contraindications with medications and ingredients.

INCI INGREDIENT LIST

Cholesteryl Nonanoate, Cholesteryl Oleyl Carbonate, Cholesteryl Stearate, Phenyl t-Butylnitron (Spin Trap), Oryza Sativa (Rice) Bran Oil, Zea Mays (Corn) Silk Extract, Eclipta Prostrata Extract, Melia Azadirachta (Neem) Leaf Extract, Moringa Pterygosperma Seed Oil, Tropolone, 1,2-Hexanediol, Caprylyl Glycol.

KEY INGREDIENTS

Cholesteryl Nonanoate, Oleyl, Stearate (Cholesterols): Cholesteryl Nonanoate, Oleyl, Stearate (Cholesterols), are forms of cholesterol and have an opalescent or iridescent appearance because they selectively reflect visible light. They have an occlusive emollient and help lipids in the skin because they deliver and stabilize lipophilic active ingredients such as vitamins. These forms of cholesterol are used for cellular storage, essential components of cell structure, communication, and biochemistry. The topical liquid crystal enhances skin's lipid levels, barrier function, softness, and flexibility.

Phenyl T-Butylnitron (Spin Trap): Phenyl t-Butylnitron (Spin Trap) is an intelligent and powerful antioxidant compound known as a "Spin Trap" because of how it targets and traps free radicals to convert them to stable molecules that are no longer destructive for removal by the body or for reuse in various cellular processes. It is particularly effective against the aggressive hydroxyl and superoxide radicals to provide superior protection for mitochondria and DNA, which are especially susceptible to those two radicals. Phenyl T-Butylnitron (Spin Trap) have been implicated in not only anti-aging and anti-inflammatory health benefits but also scar-reducing products and for inflammatory conditions such as rosacea and sunburn.

**KEY INGREDIENTS - continued**

Eclipta Prostrata (False Daisy) Extract: Eclipta Prostrata (False Daisy) Extract serves primarily as a skin-conditioning agent. It works by promoting skin health, providing nourishment, and improving the overall texture and appearance of the skin. The extract is rich in antioxidants, flavonoids, and other bioactive compounds that contribute to its beneficial properties. This extract works against fungi and depletes skin diseases, infections, athletes' foot, and ringworm. False Daisy also has antioxidant properties, helps with nourishment, improves hydration, balances skin tone, and soothes the skin.

Melia Azadirachta (Neem) Leaf Extract: Melia Azadirachta (Neem) Leaf Extract is a plant extract that is rich in fatty acids, including oleic, stearic, palmitic, and linoleic acids. Neem also contains Vitamin E, carotenoids, Vitamin C, and quercetin. These natural ingredients make neem a potent anti-fungal, antipyretic, antibacterial, and anti-inflammatory. Neem Oil is commonly used to combat bacterial skin infections and inflammations, such as eczema, dermatitis, and acne. Neem can treat acne, reduce blemishes, and improve skin elasticity. Neem is also a botanical skin brightener, reduces inflammation, promotes wound healing, slows the aging process, and promotes healthy skin.

Moringa Pterygosperma Seed Extract: Moringa Pterygosperma Seed Extract is rich in omega fatty acids and antioxidants which soothe and protect the skin. The oleic acid in moringa oil acts as a barrier to help seal in moisture, and hydrates dry and dehydrated skin. It reduces fine lines and wrinkles, improves the overall appearance of the skin, soothes inflammation, and can be used by all skin types. Moringa Seed Extract acts as a cleansing agent that can protect the skin from heavy metal pollution and environmental toxins deflecting free radicals and UV damage. Moringa Seed Extract with its antibacterial, antifungal, and antimicrobial properties, works to combat bacteria and fungus that can infect skin and cause blemishes and irritation. It can be used to condition dry lips and other rough, dry skin conditions such as dermatitis, eczema, and psoriasis.
