(use RED LED as primary; switch to MIX LED if you have occasional breakouts)

WHAT IT DOES FOR YOUR SKIN

- Stimulates collagen production for firmer, healthier skin.
- Reduces the appearance of wrinkles and fine lines.
- Enhances skin tone and texture for a radiant complexion.

STEP-BY-STEP HOME ROUTINE

1. Cleanse

- Wet your face with lukewarm water.
- Apply 2 pumps of **Quiet Wash** into your palm.
- Gently massage onto face and neck for 30–60 seconds.
- Rinse thoroughly with tepid water and pat dry with a clean towel.

2. ZAQ Zayn 2.0 Session (5 minutes per area, device will shut off after 5 min)

Goal: Treat 3 areas of your face, neck, and chest.

Total time: 10-15 minutes (depending on how many areas you treat).

Full treatment sessions are best, but shorter sessions are acceptable for maintenance.

Divide Your Face into 3 Treatment Zones:

1. Left lower face (cheek and jaw line), brow, and center to left side of forehead
2. Right lower face (cheek and jaw line), brow, and center to right side of forehead
3. Neck and Decollete

Avoid the thyroid area (center front of neck, just above collarbone).
